

Secom friendly golf with police and customers

Secom organized a golf game with Shah Alam OCPD ACP Noor Azam and his police team together with some of our corporate customers from Shah Alam and Secom staff. There were a total of 20 participants including 8 from the police and 6 staff from Secom. The game were held at Kelab Golf Sultan Aziz on 26/07/2008. The objective of this friendly golf is to bring Secom and our clients closer to the police. This is the 2nd game held with the Shah Alam police, the last was in Dec 2007.

SECOM Moving Towards Sustainability

Wherever Secom operates in the world, we are committed to sustainability. We have about **48,000** employees worldwide and this figure proves on our excellent services given to our customer since we grow as our customers increase.

Our commitment begins with succeeding financially. By doing well in our business we can form wealth that is ultimately shared by our many stakeholders, including shareholders, employees and suppliers.

We believe in providing an excellence service to our customers as our top priority. We always made a point to behave ethically and with integrity towards our customers. Our challenge is always to do better.

To achieve this challenge we have came out with our goal/target to accomplish ISO 14001 and OHSAS 18001 by this year to drive an excellence service to our customer.

We also committed to achieve and demonstrate sound occupational health and safety performance by controlling OHSAS risks consistent with our OHSAS policy and objective.

The health and safety of our employees are always our first priority and we have set the objective to achieve zero accident in our operational activities.

As part of this EMS commitment, we continue to focus on reducing aspect and impact in our operational activities and maintain to address our environmental challenges with the goal of continual improvement at our operational activities.

We always find ways to give excellent service to our customers and fulfill their requirements and build a very strong relationship with them.

Again..... ***SECOM challenge is to provide excellent services to our valued customers!***
