chinmk@secom.com.my
- 2) Jodin @ 019-886 7918 – Operations Department

Courtesy call to Federal CID Chief

Secom directors and top management paid a courtesy visit to Federal CID Director Datuk Bakri Bin Mohd Zinin in Bukit Aman on 16/10/2008.

The visit is to exchange information and ideas how to combat crime and to strengthen working relationship between SECOM and the police.

SECURING PERSONAL LIFE and property need not always be passive, bringing to mind CCTV recordings, alarm systems, locks and gates etc. In the event of an aggressive human threat to life and property, an active and effective way to protect and repel the danger is to use a non-lethal weapon such as pepper spray to incapacitate such attackers instantly.

Anti-Aggression Combat is a non-toxic, environmentally safe aerosol weapon designed to stop the toughest attacker, including those under the influence of alcohol, drugs or those emotionally unwell. The Combat pepper spray uses a custom prepared oleoresin capsicum solution with a scoville heat rating of two million, and its effects are instantaneous upon contact and can remain effective for up to 45 minutes.

When should I use my pepper spray?

Pepper spray is only to be used as a defensive item and discretion ought to be exercised in any and all situation. It should **ONLY** be used if your life is threatened or is in immediate danger. Please note that it is a crime to use pepper spray as an offensive weapon to commit crimes.
